

RACEPOINT

Quote Request Form

Thank you for considering Racepoint Energy for your project.
For an accurate initial quote, please fill out this form as completely as you can.

Project Name:

City:

State:

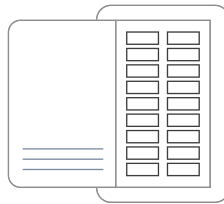

Structure Size (ft²):

Number of Breaker Panels:

Electrical Utility:

ELECTRICAL DETAILS

For a more accurate estimate, let's learn a little more about your current electrical service. This information may be found on the inside of your main electrical panel door.

Service Amperage:

Voltage:

Single Phase

Three Phase

MAJOR ELECTRICAL LOADS

Please indicate which energy-intensive appliances you'd like to continue to work during a power outage.

Electric Heat Yes No Electric Water Heater Yes No

AC Yes No EV Charger Yes No

Freezer(s) Yes No If so, Type: Rapid (>22kW)

Pool Heater Yes No Fast (7kW-22kW)

Pool Pump Yes No Slow (<7kW)

Sump Pump Yes No Other:

PROJECT TYPE

New Construction

Please provide electrical schematics/load schedules.

Retrofit/Renovation

Please provide one year of electric bills and electrical schematics/load schedules.

Residential Commercial

DESIRED COMPONENTS

Energy Storage System (battery)

Dynamic Load Management (smart load panel)

Solar Panels I already have solar

Solar size:

Generator I already have a generator

Generator size:

DESIRED SYSTEM

I want to power my entire house as usual during a power outage or off-grid scenario:

2-6 hours 6-12 hours 12+ hours

I want to power only essential parts of my home as efficiently as possible, during a power outage or off-grid scenario:

2-6 hours 6-12 hours 12+ hours

I want to reduce my carbon footprint with a solar and battery system that maximizes the use of the power I generate locally.

I want high-quality and consistent energy (pure sine wave) to protect the sensitive electronics in my home.
